

Answers to some commonly asked questions:

----- GENERAL -----

What is the order of the names on the memorial?

- Each panel represents one day of the year, such as 01 JAN, 02 JAN, and so on through 31 DEC. The date of casualty or incident determines which panel the name is on. The top most name on a panel is the earliest year, progressing down to the latest year. Any names within the same year are ordered alphabetically by last name. The May 7th panel faces due West, toward Vietnam.

What are the requirements for a name to be on the NJ memorial?

- The individual, in order to be put on the NJ memorial, must have his/her name on the national memorial in Washington, DC and have had roots in New Jersey prior to his/her death.

What if a veteran died of cancer or other illness resulting from exposure to Agent Orange in Vietnam?

- Since this individual's name will not be placed on the national memorial in Washington, neither will NJ place it on its memorial. But, a special NJ program is in place to recognize the sacrifices of all NJ's veterans through the In Memory Program.

----- HOW MANY -----

How many panels are there?

- 366, one for each day of the year including February 29th.

How many names are there?

- 1,562 names are on the memorial, as of 26 May 08. If new information comes to our attention about a name that was missed, this number will certainly grow.

Which panel has the most names?

- November 19th with 14 names.

Which panel has the fewest?:

- There are 9 panels with no names over the 11+ years that the war was fought. They are: 05 JAN, 16 JUL, 05 AUG, 09 SEP, 02 OCT, 12 OCT, 17 OCT, 30 OCT, 09 DEC. They are left blank as a tribute that NJ did not lose anyone on these dates during the entire war in Vietnam.

What are the casualty numbers for all the different categories?(New Jersey only)

- Total: 1562, broken down by: Killed In Action (KIA): 1491, of which 6 were awarded the Medal of Honor; Missing In Action (MIA): 50; MIA's whose remains were returned since 1975:21 (MIA status changed to RR).

How many casualties from each branch of the service ? (New Jersey only)

	<u>ALL</u>	<u>KIA</u>	<u>MIA</u>	<u>RR</u>	<u>MOH</u>
U.S. Army:	970	951	15	4	4
U.S. Marine Corps:	448	440	6	2	2
U.S. Navy:	69	55	10	4	
U.S. Air Force:	75	46	19	11	
U.S. Coast Guard:	-	-	-	-	-

How many female casualties are from NJ?

- One, Captain Eleanor Grace Alexander, U.S. Army, on 30 NOV 1967, born: 18 SEP 1940

-----WHEN-----

When was NJ's first casualty?

- 31 AUG 1960, AECA Richard E. Stephan, U.S. Navy, born 07 OCT 1931

When was NJ's last casualty?

- 24 JAN 1975, SGT Garry W. Hermanson, U.S. Air Force, born: 17 JAN 1951
